

01S932205 - FLAT WASHER, NSN: 5310-00-639-5427

Description

01S932205 - FLAT WASHER

New Surplus, Sold Per Each, Passivate, Steel

A flat washer is a thin, circular metal or plastic disc with a hole in the center. It is used to distribute the load of a threaded fastener, such as a bolt or nut, preventing damage to the surface and reducing the risk of loosening.

Part Number: 01S932205

Unpunctuated: 01S932205

NSN: 5310-00-639-5427

Alternate Part Numbers

Falls Filtration Technologies Inc.: 01S932-205 (CAGE: 736)

Note: Some part numbers may serve as functional alternatives to the original, offering similar specifications and performance; however, prior verification is recommended to ensure suitability for the intended application.

Condition: New Surplus - *These parts are classified as new and unused, meaning they have not been installed or placed into service. However, they come without traceability or original manufacturer certifications, which might be required for certain high-level regulatory uses. Our company provides its*

own Certificate of Conformance (CoC) as a statement of assurance that the parts are in good working condition and have been sourced from reliable channels. These are ideal when the focus is on cost-effectiveness without compromising on quality.

Unit of Sale: Sold Per Each - *This item is sold individually, with the price listed for a single unit. Perfect for purchasing the exact quantity needed without the requirement to buy in bulk. For larger quantities, consider reviewing any available bulk pricing options.*
