Bell 212 Helicopter

This part is used on Bell 212 Helicopters, a powerful twin-engine model known for its versatility and performance in extreme conditions. Often called the "Twin Huey," the Bell 212 excels in both civilian and military roles, from search and rescue to offshore transport. **What Makes the Bell 212 Exceptional:**

- **Twin-Engine Power:** Offers enhanced safety and power, particularly in high-altitude and hot-weather operations.
- **Spacious Cabin:** Accommodates up to 14 passengers or large cargo loads, making it ideal for troop transport and emergency evacuations.
- **Proven Reliability:** Widely used by militaries and emergency services around the world for its dependable performance.
- **Multi-Mission Capability:** Easily configured for SAR, medevac, firefighting, and utility missions.

The Bell 212's adaptability and robust design have made it a go-to helicopter for challenging environments and critical operations.

Condition and Unit of Sale

AS IS / AS REMOVED: Parts listed under this condition are sold exactly as they were when removed from service, with no inspection, repair, or certification having been performed post-removal. There are no guarantees regarding their working condition or suitability for immediate use. This condition is typically used for items that might require extensive refurbishment or serve as parts donors. Buyers

should be aware that these items are not guaranteed to be functional and are sold without warranty, which may be appropriate for those who are looking to restore or repurpose parts at their own risk. **SOLD PER EACH:** This item is sold individually, with the price listed for a single unit. Perfect for purchasing the exact quantity needed without the requirement to buy in bulk. For larger quantities, consider reviewing any available bulk pricing options.
