

76070-20047-126 - ROD, FOR USE ON SIKORSKY S-92A

Description

76070-20047-126 - ROD, FOR USE ON SIKORSKY S-92A

New Surplus, Sold Per Each

Type: Rod, For Use On Sikorsky S-92A

A straight, cylindrical component used to transmit mechanical loads or forces. Commonly used in control systems or as structural reinforcements.

Standard: Sikorsky S-76A

Sikorsky S-76A Helicopter

This part is used on Sikorsky S-76A Helicopters, a versatile medium-lift aircraft renowned for reliability and adaptability in civilian and utility missions.

- **Proven Performance:** Trusted for offshore transport, VIP travel, and emergency medical services.
- **Efficient Lift Capability:** Handles medium-lift operations, suitable for personnel and cargo transport.
- **Advanced Engineering:** Reliable rotor systems and powerplants ensure safety and performance.
- **Operational Versatility:** Excels in search and rescue, medevac, and corporate roles.

The S-76A's innovative yet proven design makes it a popular choice for operators worldwide.

Series: 76070 FOR SIKORSKY S-76A

Product Testing: Every product is inspected for accuracy, quality, and functionality before shipping to ensure it meets our high standards.

Alternate Part Numbers: With the transition from AN to MS and NAS part numbering systems, there are often multiple part numbers that meet the same specifications and performance standards. If only an alternate part number is available, we will contact you to confirm its compatibility with your application. We strongly recommend consulting the appropriate repair manuals to ensure accuracy before using an alternate part.

Model Compatibility: We are committed to providing accurate and up-to-date compatibility information for our parts. While the listed models reflect verified applications, this list is continually expanding. If your model isn't listed, it may still be compatible, and we encourage you to consult your repair manuals to verify the required part number before placing an order. Additionally, if you believe a model should be listed, please contact us so we can update our records accordingly.

New Surplus: These parts are classified as new and unused, meaning they have not been installed or placed into service. However, they come without traceability or original manufacturer certifications, which might be required for certain high-level regulatory uses. Our company provides its own Certificate of Conformance (CoC) as a statement of assurance that the parts are in good working condition and have been sourced from reliable channels. These are ideal when the focus is on cost-effectiveness without compromising on quality.

Sold Per Each: This item is sold individually, with the price listed for a single unit. Perfect for purchasing the exact quantity needed without the requirement to buy in bulk. For larger quantities, consider reviewing any available bulk pricing options.
