**Year Released:** 2023

Kershaw and designer Matt Diskin team up for an ultra-strong OTF auto: the Livewire - Tanto. The premium CPM MagnaCut blade features superior edge retention and opens and retracts with authority. - with a tanto blade shape, the tip is reliable and makes piercing cuts with ease. The stealthy BlackWash™ finish is a perfect fit for this rugged blade shape. Speaking of stealthy, the black anodized aluminum handle is textured for a secure grip. - its curved, staircase-like button feels comfortable on the thumb for reliable deployment. When closed, this knife is a joy to carry thanks to its reversible deep-carry clip and light weight. For a Livewire with even more toughness, choose the tanto version.

- Made-in-the-USA out-the-front automatic; tanto blade shape
- Premium CPM MagnaCut powdered metallurgy blade steel excels in edge retention, toughness, and corrosion resistance; BlackWash™ finish helps hide use scratches
- Black anodized aluminum handle, lightweight strength; charcoal gray Cerakote button finish
- Deep-carry pocketclip is easily reversible for left/right carry

## KERSHAW KNIVES

Kershaw knives are renowned for their precision, durability, and innovative designs, making them a trusted choice for outdoor enthusiasts, professionals, and everyday users alike. Each Kershaw knife is crafted with high-quality materials, delivering excellent edge retention, strength, and comfort. Known for pioneering technologies like assisted opening, Kershaw combines functionality with sleek, ergonomic designs that fit seamlessly into any lifestyle. Whether you need a dependable tool for rugged outdoor adventures, worksite demands, or daily carry, Kershaw knives provide performance and reliability with every cut.

## History of Kershaw Knives

The knife industry has evolved over the past 50 years, but Kershaw has remained steadfast in its commitment to quality and craftsmanship. Founded by Pete Kershaw, an avid outdoorsman, Kershaw began in 1974 in Lake Oswego, Oregon. Originally focused on hunting knives, Pete searched for the best materials and craftsmanship to ensure lasting quality.

Around this time, Kai, a Japanese company with a long history in crafting fine blades, was expanding internationally. Kershaw and Kai joined forces, merging Pete's quality-focused vision with Kai's experience in bladed tools, creating a partnership that has endured for decades.

The 1990s marked a new chapter for Kershaw, introducing innovative features like the first liner lock knives in the Liner Action series. With Kai CEO Koji Endo's support, Kershaw established a USA manufacturing facility to expand production and innovation. **Industry-Changing Technology** In 1998,

Kershaw pioneered the assisted opening mechanism, which revolutionized the knife industry and became a hallmark of the brand. **Innovating for Tomorrow** Today, Kershaw continues to innovate at its Tualatin, Oregon, facility, creating knives with advanced technology, Kershaw Original designs, and collaborations with top custom makers, constantly pushing the boundaries of knife design and functionality.

## Part Number Information

**Part Number:** 9000T

**Unpunctuated:** 9000T

**Product Testing:** *Every product is inspected for accuracy, quality, and functionality before shipping to meet our high standards.*

**Alternate Part Numbers:** *Due to the nature of ever-evolving part numbering structure, multiple part numbers may meet the same specifications and performance standards. If only an alternate part number is available, we will contact you to confirm compatibility. We strongly recommend consulting the appropriate repair manuals to ensure accuracy before using an alternate part.*
