AN806-8 - PLUG, TUBE FITTING, THREADED, NSN: 4730-00-278-4998, NIIN: 2784998

Description

AN806-8 - PLUG, TUBE FITTING, THREADED

NSN: 4730-00-278-4998, NIIN: 2784998

New Surplus, Sold Per Each

A Plug, Tube Fitting is a sealing component used to close the end of a tube or fitting, preventing fluid or gas leakage. Commonly used in hydraulic, pneumatic, and fuel systems, it ensures a secure, leak-tight closure for unused ports or open tube ends.

Specifications

Surface Treatment: Cadmium Material: Steel Head Height: 0.281" nom Overall Length: 0.938" nom Seat Angle: 37.0° Rees Thread Class: 3A External Thread Direction: Right-Hand External Thread Series Designator: Unf External Thread Size: 0.750" External Connection Style: Flared

Part Number: AN806-8 Unpunctuated: AN8068 NSN: 4730-00-278-4998 NIIN: 2784998

Potential Alternates: 4730PL0890012, 4730PL1868795, 8531308, AN806-08, AS4841, AS5168, AS5168-08, SAE-AS4841 AS4841 Replaces Cancelled NSN: 4730-00-142-2022, 4730-00-554-9527, 4730-00-805-1404

AN standards, originally developed by the U.S. Army and Navy, cover a variety of components such as bolts, nuts, and fittings, ensuring compatibility and reliability in military and aerospace systems.

New Surplus: These parts are classified as new and unused, meaning they have not been installed or placed into service. However, they come without traceability or original manufacturer certifications, which might be required for certain high-level regulatory uses. Our company provides its own Certificate of Conformance (CoC) as a statement of assurance that the parts are in good working condition and have been sourced from reliable channels. These are ideal when the focus is on cost-effectiveness without compromising on quality.

Sold Per Each: This item is sold individually, with the price listed for a single unit. Perfect for purchasing the exact quantity needed without the requirement to buy in bulk. For larger quantities, consider reviewing any available bulk pricing options.

Product Testing: Every product is inspected for accuracy, quality, and functionality before shipping to meet our high standards.

Alternate Part Numbers: Due to the nature of ever-evolving part numbering structure, multiple part numbers may meet the same specifications and performance standards. If only an alternate part number is available, we will contact you to confirm compatibility. We strongly recommend consulting the appropriate repair manuals to ensure accuracy before using an alternate part.
