

AN832-12J - TUBE NIPPLE, PASSIVATE TREATMENT STEEL

Description

AN832-12J - TUBE NIPPLE, PASSIVATE TREATMENT STEEL

New Surplus, Sold Per Each

Type: Tube Nipple

A Tube Nipple is a short, straight connector with male threads on both ends, designed to join two female-threaded components or tube fittings. It is commonly used in hydraulic, pneumatic, and fluid transfer systems to create a secure and leak-resistant connection.

Standard: Army-Navy Standard / AN Standard

AN standards, originally developed by the U.S. Army and Navy, cover a variety of components such as bolts, nuts, and fittings, ensuring compatibility and reliability in military and aerospace systems.

Series: AN832

Material: Steel

Surface: Passivate Treatment

Connection Type: Threaded External Tube (All Ends)

Connection Style: Flared Tube (All Ends) Bulkhead Thread

Tube Outer Diameter: 3/4"

Thread: 1-1/16-12

Nominal Length: 3.031"

NSN: 4730-00-805-1407

Minimized: AN83212J

Possible Alternatives: AS5406J12, 946-20-65-323

Note: Some part numbers may serve as functional alternatives to the original, offering similar specifications and performance; however, prior verification is recommended to ensure suitability for the intended application.

Potential Capabilities

Indicates models that may be compatible based on initial data, but prior verification is advised

Bombardier Learjet 60

Pilatus PC-12

Beechcraft King Air 200

Beechcraft King Air 300

Beechcraft King Air 90

Beechcraft Premier

Cessna 525 Citation Citationjet

Cessna 550 Citation I-II-Bravo

Cessna 560 Citation V-Ultra-Encore-Excel-XLS

Hawker 400-400XP

Product Testing: *Every product is inspected for accuracy, quality, and functionality before shipping to ensure it meets our high standards.*

Alternate Part Numbers: *With the transition from AN to MS and NAS part numbering systems, there are often multiple part numbers that meet the same specifications and performance standards. If only an alternate part number is available, we will contact you to confirm its compatibility with your application. We strongly recommend consulting the appropriate repair manuals to ensure accuracy before using an alternate part.*

Model Compatibility: *We are committed to providing accurate and up-to-date compatibility information for our parts. While the listed models reflect verified applications, this list is continually expanding. If your model isn't listed, it may still be compatible, and we encourage you to consult your repair manuals to verify the required part number before placing an order. Additionally, if you believe a model should be listed, please contact us so we can update our records accordingly.*

New Surplus: *These parts are classified as new and unused, meaning they have not been installed or placed into service. However, they come without traceability or original manufacturer certifications, which might be required for certain high-level regulatory uses. Our company provides its own Certificate of Conformance (CoC) as a statement of assurance that the parts are in good working condition and have been sourced from reliable channels. These are ideal when the focus is on cost-effectiveness without compromising on quality.*

Sold Per Each: *This item is sold individually, with the price listed for a single unit. Perfect for purchasing the exact quantity needed without the requirement to buy in bulk. For larger quantities, consider reviewing any available bulk pricing options.*
