Product Inspection: We inspect all products for functionality and condition before shipping to ensure you receive high-quality items. While our new surplus items may occasionally feature alternate part numbers, we ensure that these alternates meet the same specifications and performance standards as the original part. If only an alternate part number is available, we will contact you prior to shipping to confirm that it meets your requirements. Please note that the specifications on our site are sourced from multiple references. We recommend verifying the correct part number with your repair manuals to ensure accurate ordering. If you have any concerns about product specifics, feel free to [contact us](#) for more details.

Returns: We do not offer returns in most cases. However, if you have an issue with your order, please email Sales@AVBOXUS.com for assistance.
