

MS27980-7N - STUD, SNAP FASTENER, NEW SURPLUS, SOLD PER EACH,
NSN: 5325-00-838-1787, NIIN: 8381787

Description

MS27980-7N - STUD, SNAP FASTENER

NSN: 5325-00-838-1787, NIIN: 8381787

New Surplus, Sold Per Each

A stud snap fastener is a mechanical fastener designed to create a secure, quick-release connection between two surfaces. It consists of a male stud that snaps into a corresponding socket or receptacle, forming a reliable hold while allowing for easy detachment when needed. These fasteners are valued for their ease of use, vibration resistance, and durability, making them ideal for panels, covers, and access doors requiring frequent removal and reattachment.

Specifications

Surface Treatment: Nickel

Material: Copper Alloy

Part Number Info

Part Number: MS27980-7N

Unpunctuated: MS279807N

NSN: 5325-00-838-1787

NIIN: 8381787

Potential Alternates: N7082060550, BS10370K1105

Replaces Cancelled NSN: 5325-01-051-2781, 5325-00-891-5716

New Surplus: These parts are classified as new and unused, meaning they have not been installed or

placed into service. However, they come without traceability or original manufacturer certifications, which might be required for certain high-level regulatory uses. Our company provides its own Certificate of Conformance (CoC) as a statement of assurance that the parts are in good working condition and have been sourced from reliable channels. These are ideal when the focus is on cost-effectiveness without compromising on quality.

Sold Per Each: This item is sold individually, with the price listed for a single unit. Perfect for purchasing the exact quantity needed without the requirement to buy in bulk. For larger quantities, consider reviewing any available bulk pricing options.

Alternate Part Numbers: Due to the nature of ever-evolving part numbering structure, multiple part numbers may meet the same specifications and performance standards. If only an alternate part number is available, we will contact you to confirm compatibility. We strongly recommend consulting the appropriate repair manuals to ensure accuracy before using an alternate part.
