

WG-291-3-02 - WEATHER GUARD - WHITE TOP MOUNT DOUBLE DOOR STEEL STORAGE BOX, WEATHER GUARD, New Surplus, Sold Per Each

Description

WG-291-3-02 - Weather Guard - White Top Mount Double Door Steel Storage Box

New Surplus, Sold Per Each

Weather Guard Top Mount Toolboxes: Built to Last

Weather Guard's top mount toolboxes are a trusted choice for professionals, designed to mount directly on your truck's bed rails for easy access to tools and equipment. Made in the USA with tough materials, these hi-side boxes are built to withstand a lifetime of use and are a common sight on construction sites nationwide.

Durable, Feature-Packed Design

Crafted from high-strength aluminum or steel, these toolboxes offer unmatched durability. Quick-release doors open from 90 to 180 degrees without tools, while a rain gutter and full weather seal keep your tools dry and dust-free. Backed by a limited lifetime warranty, they're built to perform.

Unbeatable Security

Protect your gear with drill-resistant locks and a three-point latching system, offering top-notch security against theft and break-ins.

Weather Guard top mount toolboxes combine durability, versatility, and security—making them the ultimate solution for truck owners.

WEATHER GUARD

Height : 18"

Weight : 151 lbss.

Width : 16.25"

Alternate Part Numbers

Unpunctuated: WG291302

Upc: 783965038409

Note: Some part numbers may serve as functional alternatives to the original, offering similar specifications and performance; however, prior verification is recommended to ensure suitability for the intended application.

Product Testing: *Every product is inspected for accuracy, quality, and functionality before shipping to ensure it meets our high standards.*

Alternate Part Numbers: *With the transition from AN to MS and NAS part numbering systems, there are often multiple part numbers that meet the same specifications and performance standards. If only an alternate part number is available, we will contact you to confirm its compatibility with your application. We strongly recommend consulting the appropriate repair manuals to ensure accuracy before using an alternate part.*

Model Compatibility: *We are committed to providing accurate and up-to-date compatibility information for our parts. While the listed models reflect verified applications, this list is continually expanding. If your model isn't listed, it may still be compatible, and we encourage you to consult your repair manuals to verify the required part number before placing an order. Additionally, if you believe a model should be listed, please contact us so we can update our records accordingly.*

Condition: *New Surplus - These parts are classified as new and unused, meaning they have not been installed or placed into service. However, they come without traceability or original manufacturer certifications, which might be required for certain high-level regulatory uses. Our company provides its own Certificate of Conformance (CoC) as a statement of assurance that the parts are in good working condition and have been sourced from reliable channels. These are ideal when the focus is on cost-effectiveness without compromising on quality.*

Unit of Sale: *Sold Per Each - This item is sold individually, with the price listed for a single unit. Perfect for purchasing the exact quantity needed without the requirement to buy in bulk. For larger quantities, consider reviewing any available bulk pricing options.*
